

Faculty Recognition

FAAAS

Dr. **Jennifer Lewis** (professor of Chemistry) was elected Fellow of the American Association for the Advancement of Science.

Dr. Lewis

Dr. **Paul Sanberg**, USF senior VP, said, “To be recognized as an AAAS Fellow is a significant career achievement. It honors the profound impact these individuals have in developing new knowledge and advancing the understanding of our World on every level....”

FRSC

Dr. **Xiaopeng Li** was elected Fellow of the Royal society of chemistry.

Dr. **Wayne Guida** provided background information for this signal honor:

Dr. Li

“The Royal Society of Chemistry (RSC) is the largest organization in Europe for advancing the chemical sciences. Supported by a worldwide network of members and an international publishing business, RSC activities span education, conferences, science policy, and the promotion of chemistry to the public. The designation FRSC is given to a group of elected Fellows who have made outstanding contributions to chemistry. The names of newly elected Fellows are published each year in *The Times* (London).”

Staff Appreciation Luncheon

The Chair of the L&D committee was host of a pre-Thanksgiving lunch for available staff members. It was held at the top of the Palms in The Marshall Center on November 16th. Regrettably all who were invited were not able to attend.

The History Project

As part of an on-going department history project, a picture board was constructed by Mr. **Ryan Jahn** and placed on a wall of the reception area. This shows the Department chairs, past and present, individually framed. Captions provide their term as chairs and as faculty members. The first was Dr. **P. Calvin Maybury**, chair 1963-74.

Mr. Ryan Jahn, Manager,
Fiscal and business administration

The display was arranged with the assistance of Mr. **Roberto Avergozado** and Ms **Erin Ives**.

Mr. Avergozado

Ms Ives

Other pictures were placed on the north wall and show scenes from past events using photos from the Department collection.

Frames were provided by the chair of the L&D Committee

New Staff Member

Mr. **Matt Castro** is the joined the Department in early December as the Fiscal and Business Specialist.

Originally from West Virginia, he attended school in Tampa and graduated from USF with a B.A. in Economics.

Mr. Casto

He worked a few years for Pasco County Schools, then moved to the corporate staffing world where he enjoyed supporting the financial operations several strategic clients.

Wanting more than just a corporate salary, he accepted his current role in order to support the exceptional individuals who are pursuing innovative research in their respective fields.

ten

Mr. **Ryan Jahn** noted, “He brings tremendous showcase if knowledge and the\ Willing demeanor that we embrace within our department.”

What are they doing?

The Chemistry Department has tried to keep track of graduate advisors for a number of years creating the so-called “Tracking Project.” Results may be found at our Web page under “Graduate” and “Alumni”. Some recent additions follow:
