RESEARCH POSITIONS AVAILABLE

X. Peter Zhang

Department of Chemistry, University of South Florida
4202 E. Fowler Avenue, CHE 205A, Tampa, FL 33620
Tel: (813) 974-7249; Fax: (813) 974-1733; E-mail: pzhang@cas.usf.edu
http://chemistry.usf.edu/faculty/zhang/

A. Postdoctoral Fellows:
A postdoctoral research associate position is available in the laboratory of Prof. Peter Zhang in the Department of Chemistry at the University of South Florida to carry out research projects in the area of transition metal complex-based catalysis, including asymmetric catalysis. A suitable candidate should have a Ph.D. degree in chemistry and demonstrated experience in synthetic organic chemistry. Additional experience in asymmetric catalysis, organometallic chemistry and/or porphyrin synthesis would be a plus. If you are interested in the position, please directly contact Prof. Peter Zhang via email at pzhang@cas.usf.edu with your resume attached. For more information, please refer to the web page at http://chemistry.usf.edu/faculty/zhang/.

B. Graduate Students:
Graduate students who are interested in organic and organometallic chemistry are welcome to discuss with Prof. Peter Zhang on research and training opportunities in the group.

C. Undergraduate Students:
Undergraduate students who are interested in performing research in chemistry are encouraged to make an appointment with Prof. Peter Zhang. There are also undergraduate research positions available during summer.
